

// Shaping the future together

Technical Writer (m/w/x)

🚩 Paderborn, Szczecin & Izmir

🕒 Full-time

📅 As soon as possible

Every great innovation deserves an equally great explanation. Are you a fan of clear communication and precise information? Are you passionate about transforming complex technologies and innovative ideas into meaningful expressions? Can you present the potential of our products and solutions in structured and appealing content?

Then apply now as a Technical Writer and become part of our mission. „Discover to Manage“.

Your tasks at Raynet

- Create and maintain technical documents for internal and external use in English
- Create, review, and improve technical documentation such as user manuals, installation instructions, release notes, training materials, etc.
- Update and maintain existing documentation, revising for correctness and relevance
- Close cooperation with product management and the development team to collect, understand and communicate technical information
- Independent research to complete the available information
- Adherence to internal documentation guidelines and industry standards to ensure quality and consistency of documentation
- Co-design and define requirements specifications and internal standards for documentation
